

Sprint Planning Notes

Team: 2

Sprint: 1

Date: 21/08/2021

Attended: Dan, Diana, Josh, Justin

Scrum Master: Diana

Product Owner: Dipto

Development team: Dan, Josh, Justin

1. Goal

The website should be able to

- create an account and login to the account.
- display a user account page.
- creating account types.
- display contact page.

2. Duration of the sprint

2 weeks - 21st August to 4th September

3. What is the team's vision for this sprint?

To be able to have the backend, frontend and database communicating with each other properly. To allow users to create and login to the account. To be able to test our code efficiently.

4. Estimation in story points

As a user, I want to be able to view the Bookaroo contact information, so that I can get support with my transactions

1 story point

As a user, I want to be able to login to my account, so I can interact with the Bookaroo system.

2 story points

As a user, I want to be able to create an account, so I can log in as a customer into the Bookeroo system

5 story points

As a publisher or shop owner, I want to be able to create a specialised account, so I can sell new books

2 story points

As a user, I want to be able to view a reactive and stylish website, so that I can easily navigate it

20 story points

Total: 30 story points
