		Effort	1
As a	user		
I want	search for books using the author's name		
So that I can	find other books I might enjoy.		
Acceptance criteria	Criteria 1:		
	Given that I have an author's name		
	And that I have filled it out in the search bar		
	And I have a working internet connection		
	When I press enter or click on the search logo on the search bar		
	Then I should be given valid search results based on the author's name		
	Criteria 2:		
	Given that I have a name that isn't an author		
	And that I have filled it out in the search bar		
	And I have a working internet connection		
When I press enter or click on the search logo on the search bar			
Then I should be given an prompt indicating that there are no books with an author using that name			
Criteria 3:			
Given that I have a name that is a partial match for an author			
And that I have filled it out in the search bar			
And I have a working internet connection			
When I press enter or click on the search logo on the search bar			
Then I should be given valid search results that include the partial match			

Story EUC-75:	Searching by Book Title	Priority	Medium
		Effort	1
As a	user		
I want	To search for books using the title		
So that I can	Look at different cover pages of the same book		
Acceptance criteria	Criteria 1:		
	Given that I have a book's title		
	And that I have filled it out in the search bar		
	And I have a working internet connection		
	When I press enter or click on the search logo on the search bar		
	Then I should be given valid search results based on the book's title		
	Criteria 2:		
	Given that I have written something in the search bar that isn't a book's title		
	And I have a working internet connection		
	When I press enter or click on the search logo on the search bar		
Then I should be given a prompt that indicates there are no books with that title			
Criteria 3:			
Given that I have written a partial match for a book title			
And I have a working internet connection			
When I press enter or click on the search logo on the search bar			
Then I should be given valid search results that include the partial match			

Story EUC-83:	Blocking accounts	Priority	Low
		Effort	2
As a	administrator		
I want	be able to block accounts		
So that I can	moderate the community		
Acceptance criteria	<p>Criteria 1:</p> <p>Given that I am logged into my account,</p> <p>And my account has administrative access,</p> <p>And I have a working internet connection</p> <p>When I go to the Account Management page</p> <p>And I have selected to block an account</p> <p>Then the account that I have chosen should have their account blocked</p> <p>And I should be informed with a prompt that the account has been blocked.</p>		

Story EUC-106:	Downloading Reports	Priority	Low
		Effort	3
As a	administrator		
I want	download a report about the books in the system		
So that I can	know the metrics of the system		
Acceptance criteria	Criteria 1: Given that I am logged into the system as an administrator, And I have a working internet connection When I have pressed a button to download the reports Then I should be given a report about the books in the system.		

Story EUC-69:	Approve or Deny Special Users	Priority	Medium
		Effort	5
As a	administrator		
I want	to be able to approve or deny special users		
So that I can	tailor functionality to their needs		
Acceptance criteria	Criteria 1:		
	Given that I am logged in as an administrator,		
	And I am on the admin portal page		
	And I have a working internet connection		
	When I have selected to go to the account management page		
	And I have selected to approve a request		
	Then the account status should change to 'active' from 'pending'		
	And I should be given a prompt indicating that the account request has been approved		
	And the account request should be removed from the list		
	Criteria 2:		
Given that I am logged in as an administrator,			
And I am on the admin portal page			
And I have a working internet connection			
When I have selected to go to the account management page			
And I have selected to decline a request			
Then the account request should be removed from the list and from the database			
And a prompt should be given that the account request has been declined
